RE: Calleguas Creek Watershed Metals and Selenium TMDL Work Plans for
Special Studies #2 and #3

Dear Mr. Unger and Ms. Nguyen,

Please find enclosed for your review and consideration the *Calleguas Creek Watershed Metals and Selenium TMDL Special Study #2 Selenium in Groundwater Work Plan* and the *Calleguas Creek Watershed Metals and Selenium TMDL Special Study #3 Metals High Concentration Areas Work Plan*. The Special Study Work Plans are being submitted to meet the requirements of the *Calleguas Creek Watershed Metals and Selenium TMDL Implementation Plan*. The Special Study #2 Work Plan addresses Implementation Action 14a, and the Special Study #3 Work Plan addresses Implementation Action 15a.

Please contact Tracy Krueger (Larry Walker Associates) at 310-394-1036, if you have any comments or questions regarding the Study.

Very truly yours,

Donald R. Kendall
Chair, Calleguas Creek Watershed Management Plan Steering Committee
